

HareCoin Whitepaper

Version 1.0

"Fast as a Hare, Strong as a Blockchain"

Abstract

HareCoin (\$HARE) is a high-speed, community-driven cryptocurrency inspired by the agility and cultural significance of rabbits. Designed for scalability and real-world utility, HareCoin integrates DeFi, NFTs, and gaming into a unique rabbit-themed ecosystem. With a deflationary token model and fast transaction speeds, HareCoin aims to become a leading playful yet functional blockchain project.
